The nearest railway station is NAMRUP, which is 5Km. away from the factory. The nearest Airport is DIBRUGARH, 75 Km away from Namrup. Namrup is well connected by roadways / railways with all parts of the country.

BVFC Limited, Namrup manufactures urea @ 900 MT per day in Namrup-III urea Plant & 400 MT per day in Namrup-II urea Plant operating on round the clock basis in regular shifts.

**Scope of Work:**

The broad scope of work shall cover development/ customization of e-procurement Solution (EPS) as per BVFCL's requirement, providing hardware and software support for web hosting of the above e-procurement solution for complete tender cycle including reverse / forward auctioning and training wherever required etc. For this purpose tenderer should preferably have his own portal, which should provide services from complete Tendering cycle to conducting Reverse / Forward Auctioning as per BVFCL's requirements explained below.

The tenderer shall provide web based EPS solution on his portal for Electronic Tendering cum online Reverse/Forward Auctioning system covering complete maintenance / service and technical support.

Tenderer will provide dedicated hardware requirement at site as per assessed requirement.

Tenderer will also provide complete Hardware / Software support for web hosting for the above stated EPS. The software should be capable of handling limited tenders / open tenders and Reverse/Forward auctioning as per below mentioned process/ activities:

**A) e - Tendering**

The main steps involved are:

- Preparing Tender documents for Limited/Open tenders
- Obtaining digital certificates for authorized officers on behalf of BVFCL/vendors.
- Generation of user ID and passwords
- Hosting of tender documents (NIT) for Limited/Open tenders
- Defining tender schedule
- Release and Uploading of tender documents (NIT)
- Allowing download of tender documents only to qualified/ authorized vendors in case of Limited tenders
- Clarifications on tender documents on line
- On line pre bid clarification/ amendments
- Preparation of bids on line
- Submission of bids on line
- Up loading bids on line
- Submission of EMD off-line (Online if possible)
- Opening of bids on line
- On line evaluation of technical bids

- On line technical clarifications
- Arriving at technical loading off-line/ on line
- Incorporation of loading of technical loading as above
- Opening of price bids on line
- Generation of comparative statements/ other reports on line

## **B) Reverse /forward Auctioning**

The reverse auction/ forward auction involves following steps:

- Short listed vendors to be allowed to participate in reverse/ forward auction
- Generation of Alias names and passwords of participating vendors
- Defining time period and rules of time period extension
- Defining base/ starting price for reverse / forward auction
- Defining Bid decrement/ increment value
- On line submission of bids
- Generation of statement of complete history of reverse/ forward auction from start to close of event giving price submitted by each participant bidder at different time period.
- For some tenderers like for HDPE Bags, chemicals etc. quantity offered corresponding to each valid bid has to be obtained (on-line) every time during the auctioning. Necessary provisions for the same have to be made available.
- The vendors, BVFCL personnel and administrator of the successful tenderer should be able to see only the price/ corresponding quantities and nothing else during the bidding process. On completion of the bidding process the System should show the lowest (or highest as the case may be) price quoted by various vendors.

## **C) Confirmation and Indication of quantity of the material to be supplied (For HDPE Bags only)**

Under this stage, based on the lowest price received on completion of reverse auction, on line consent is required to be obtained from eligible pre-qualified vendor for supply at R1(lowest) Price or negotiated R1 price along with the quantity which they are willing to supply at this lowest rate or final negotiated rate. This consent must be with their digital signatures so that no vendor can deny acceptance at a later stage. At this stage complete log of the action so far should be available to BVFCL. This log should be available in read only format.

## **D) Digital Certificate**

The tenderer shall provide/ quote Digital Signature Certificate with signing & encryption (as per software requirement) and as per Information Technology Act 2000 as amended from time to time.
